GENERAL DETAILS AND BENEFITS

This LT dual lens fixture is a branch off the traditional LT troffer family employing two flat lenses for ambient lighting applications.

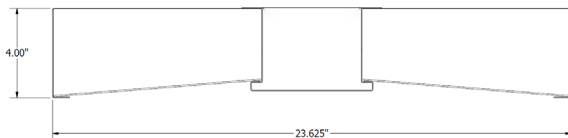

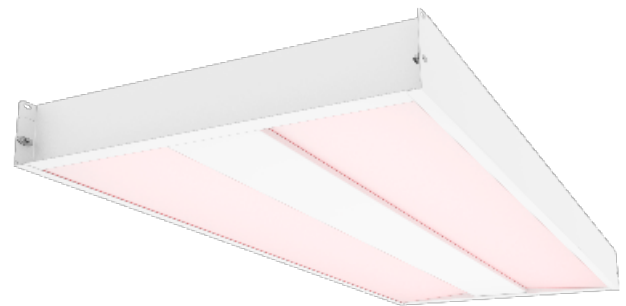

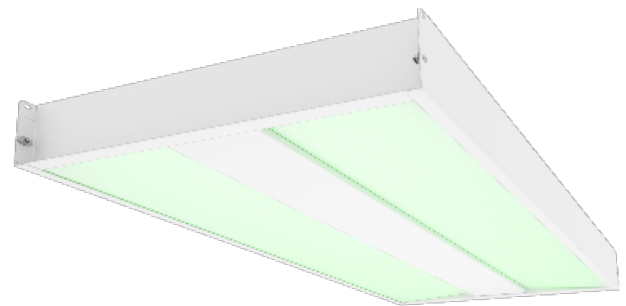

This fixture fits into 2x2 and 2x4 grid spacings with a simple lay-in troffer mounting system.

Dual Flat lens configuration offers a more aesthetic profile than the traditional single volumetric lens.

The LT dual lens fixture also boasts high efficiency delivering up to 150 lumens per watt in various color temperatures.

This fixture is compatible with a variety of RGBW controls systems.

For more information of controls options please contact customer service.
